SUPPORTING CLINICAL SUMMARY

PATIENT	REFERRAL ID	DATE
Jordan Ellis	**REF-26-0101**	**10/28/2026**

DOCUMENT TYPE

Primary care visit note

REQUESTED DEPARTMENT

Cardiology

PRIMARY REASON FOR REFERRAL

Intermittent palpitations over four months; requests specialist consultation.

CLINICAL SUMMARY

Intermittent episodes of a racing heartbeat, usually after exercise. Symptoms have occurred for about four months. At the most recent outpatient visit, the patient was comfortable, and the clinician requested a cardiology consultation for further assessment.

RECENT WORKUP / ATTACHMENTS

Office examination documented. Prior ECG report and medication list accompany this summary.
